Common Sense Will Stop Horrible Rheumatism

The famous Opie, a great English painter, was once asked what he mixed his paints with. "Brains," he replied. Rheumatism cannot live long in a body that is cared for by a head full of brains. Brains or common sense is an avowed enemy to rheumatism. The poisons with which every rheumatic body is filled, arise in the kidneys, or stomach or blood. This poison goes into the blood. It is stronger than the ordinary forces of the blood. It lodges in the muscles and joints. It gathers around nerves and presses upon them. It inflames the flesh. Pain comes and remains until the cause of the trouble, the acids and poisons, are driven out of the blood.

Salves and rubbing, lotions and baths, hot towels and water bottles will not reach down to the throne room of the trouble. What nature wants is more power to the blood. Many forms of rheumatism are caused by secret deplorable diseases. Nature surely uses common sense and tells the man to get rid of this bad blood. Here is a chance for you to use your common sense. How?

Get a bottle of S. S. S., the greatest blood purifier ever known. During 50 years it has cured thousands of cases of rheumatism and will cure you. It is purely vegetable and goes into the blood like rich food goes into it. It throws off all impurities and makes good, pure red blood.

If you desire special medical advice, write our Medical Department, Room 19, Swift Specific Company, Atlanta, Ga.

to Marathon and march them to the border. Major Langhorne crossed the border on the afternoon of May 11. Colonel Sibley went over on May 13. The expedition ended on May 21.

The expeditionary columns did not sight any Carranza troops in their tour through the state of Chihuahua.

Two troops of the Sixth cavalry which had received an order to move rapidly to Boquilla this morning, are once more in camp here, the order being cancelled upon news arriving that Colonel Sibley and Major Langhorne had arrived at Boquilla. AD-LEAD Flying column 6.

Campaign Finished. Colonel Sibley and Major Langhorne have been officially advised, it was learned late tonight, that the campaign against Boquilla and Glen Springs raiders is closed, and that they with their commands will report as soon as able to their permanent stations at Fort Clarke and Fort Bliss.

The work of patrolling the Big Bend district is now left entirely to the Sixth cavalry, which will have three troops and one machine gun at Sierra Blanca, one troop at Valentine, and three troops and one machine gun troop at Marfa. The motor truck section will be distributed at the base points occupied by the Sixth cavalry.

CARRANZA TROOPS TO PURSUE BANDITS

Chihuahua, May 21 (via El Paso Junction), May 22.—Carranza troops at Ojinaga and Santa Rosalia have left those places in order to co-ordinate with others of General Trevino's forces in closing in on bandits operating near Los Volcanes, east of Chihuahua. They will be pursued to extermination.

British Vice Consul Scottell, who is looking after American interests in the absence of the American consul, Marion Letcher, denied today reports that the British colony intended to leave Chihuahua, saying they had unanimously decided to remain. General Cavazos has returned to

"He who has health has hope, And he who has hope has everything." (Arabian Proverb)

Sound health is largely a matter of proper food—which must include certain mineral elements best derived from the field grains, but lacking in many foods.

Grape-Nuts

made of whole wheat and malted barley, supplies all the rich nourishment of the grains, including their vital mineral salts—phosphate of potash, etc., most necessary for building and energizing the mental and physical forces.

TO RECOMMEND THAT PRESBYTERY BE REPRIMANDED

Committee of General Assembly to Bring Matter to Floor of Convention at Atlantic City.

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Atlantic City, N. J., May 22.—Despite the efforts of the administration forces of the Presbyterian general assembly to have the charges of heresy against the New York presbytery settled in committee, it was learned tonight that the committee on bills and overtures had reached a different understanding and that the matter will be brought to the floor of the convention. The committee will report a compromise agreement, recommending that the New York presbytery be reprimanded and given to understand that it must exercise more caution in the future. A period has been set aside tomorrow morning for a consideration of the report, and a spirited fight is expected.

The committee considered several other overtures in executive session tonight. Among them was one from the Washington presbytery recommending that a committee be named by the assembly to go to New York and make an investigation and report back to the 1917 convention. A pamphlet written by the Rev. John Fox, a member of the New York presbytery in ordaining men to the ministry who had accepted the rules laid down by the general assembly, was circulated among the delegates today and caused much discussion.

The Rev. D. W. Warren of Louisville, Ky., was elected permanent clerk at tonight's session.

More concerted and systematic action among educational institutions to secure converts among the students was one of the resolutions approved by the convention.

WOMEN THROG NEW YORK FOR CLUB MEETING

(BY MORNING JOURNAL SPECIAL LEASED WIRE) New York, May 22.—A majority of the 20,000 delegates, alternates and visitors, who are expected to attend the thirteenth biennial convention of the General Federation of Women's Clubs of America, which opens tomorrow, had arrived in New York tonight. The arrival of the visitors, forming one of the largest convention crowds to visit this city, represents more than 2,500,000 club women from every state and Alaska, Hawaii, the Philippines, Cuba and Porto Rico.

Boy scouts assisted the reception committee.

The vast influx of club women is apparent throughout the city. Hotel accommodations are impossible to obtain and hundreds of delegates are being quartered in boarding and rooming houses.

Although the election of officers will not be held until the last few days of the convention, which will be in session until June 2, it is dividing interest with the style displays arranged on every hand to attract the club women.

Two candidates seek the honor of succeeding Mrs. Percy V. Pennybacker, for two terms president of the federation. Mrs. Pennybacker is not a candidate for re-election. Mrs. Samuel B. Smeath, of Tiffin, O., first vice president of the federation, announced her candidacy soon after her arrival today. The candidacy of Mrs. Josiah Evans Cowles, of Los Angeles, Calif., was announced on the arrival of the California delegation.

The contest for president, it is predicted, will be close.

The Californians claim to have received the pledges of the Idaho, Oregon, Washington, Nevada, Arizona and Utah delegations at a meeting held at Omaha, during the trip to New York. They also claim New Mexico, Colorado, Montana, North Dakota, Nebraska, Oklahoma and Texas.

WILL INVESTIGATE BURNS' ACTIVITIES

(BY MORNING JOURNAL SPECIAL LEASED WIRE) New York, May 22.—Alleged activities of William J. Burns, head of the Burns Detective agency, in installing a listening device in the office of the nation's leading law firm of Seymour and Seymour will be the subject of an investigation by the grand jury on Wednesday. This was made known by District Attorney Edward Swann today when he made public a letter to Frederick Seymour, summoning him to appear before the jury and make complaint against Burns and against any other persons "against whom you have sufficient evidence."

Applying This Paste Actually Removes Hairs

(Beauty Notes.) Merely applying an inexpensive paste to a hairy surface, say beauty specialists, will dissolve the hairs. This paste is made by mixing a little water with some powdered delatone; after about 2 minutes it is rubbed off and the skin washed. This simple method not only removes every trace of hair, but leaves the skin free from blemish. To insure success with this treatment, be careful to get real delatone.

TWO IMPORTANT POINTS SETTLED BY CONFERENCE

Methodists Decide to Retain Missionary Episcopacy and Obstacle to Union of North and South Is Removed.

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Saratoga Springs, May 22.—Action of widespread importance to Methodism was taken today by the general conference of the Methodist Episcopal church, which by an overwhelming majority, voted against abolishing the missionary episcopacy, and later decisively endorsed plans that may lead to the unification of the Methodist church in the north and south before the next quadrennial session.

Lively debate marked the proposal to advance all missionary bishops to the grade of bishops, with full powers, and to elect no more bishops whose episcopal authority is limited to the foreign mission field.

Lively Debate Eases. J. Frank Hanly, of Indianapolis, introduced a resolution signed by himself and eleven others, asking that a recommendation of the delegates and missionary representatives from southern Asia be endorsed.

The proposed change was characterized as radical, almost "revolutionary," by several delegates. Eventually the resolution was defeated by almost unanimous vote.

In the selection of two missionary bishops for Africa, it was provided that one, who is to supervise the work in Liberia, must be of African descent.

Bishops for Liberia.

A deadlock over both offices resulted on the first ballot, but the withdrawal of a number of negro candidates, it was said, virtually assured the election of Alexander P. Campbell, of Birmingham, Ala., as bishop for Liberia.

The board of bishops was given the power to decide if the present conference shall meet again in 1918 to consider the plan for Methodist unity, otherwise, the proposal will not reach the northern church officially until 1920, when the next general conference meets.

Obstacles Removed. Almost the only obstacle to the proposal was immediately removed by the action of Bishops Earl Cranston, John W. Hamilton and Joseph S. Hartzell, who are to be retired at the end of this session. If the session were prolonged until 1918, they could not be legally retired until that time.

The three bishops in turn appeared before the delegates and asserted that if the movement for the union of Methodists would thereby be advanced, they would willingly ask to be retired at once. The conference received the announcement with great enthusiasm.

William J. Bryan delivered an address today in which he advocated woman suffrage, temperance and world peace. He said he had hoped that international disputes might be lifted from the great field of force to that of negotiation, investigation and arbitration.

BAPTIST CONVENTION QUICKLY FINISHES WORK

Minneapolis, Minn., May 22.—The Northern Baptist convention today elected Dr. Clarence A. Barbour, of the Rochester Theological seminary, N. Y., president, to succeed Dr. Shailer Matthews, of Chicago, selected Cleveland, O., as the 1917 meeting place, and decided to adjourn tomorrow, one day earlier than had been planned.

Preparation for battle against liquor traffic was recommended to the convention in the report of the social service commission.

OPPOSITION SHOWS UP AGAINST MOYER

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Denver, Colo., May 22.—Opposition to the re-election of Charles H. Moyer, president of the Western Federation of Miners, was indicated today by the publication of the complete list of nominees to be voted upon at the annual meeting at Great Falls, Mont., July 17.

George W. Powell, of Miami, Ariz., has been nominated to oppose Moyer for president. George Dingwall, of Roseland, B. C., opposes the re-election of Ernest Mills, of Denver, as secretary-treasurer.

Other nominations are: Vice president—J. E. Rankin, Anacostia; Dean W. Seifridge, Butte, Mont.

Executive board members, four to be elected—William Davidson, Alfred Hordson, Guy E. Miller, Yonco Terzich, J. C. Williams, William A. Burns, Jesse M. Scott, Wellington J. McLeod, Joe Ballinger and James Giambruno.

Delegates to the American Federation of Labor, four to be elected—P. J. Reardon, Charles H. Moneys, Joseph D. Cannon, Augustus F. Lindeman, James Roberts, Charles H. Tauner and J. C. Williams.

FATE OF DICKENS NOW IN JURY'S HANDS

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Boulder, Colo., May 22.—The fate of Reinal Dickens, charged with the murder of his father, November 20, last, at Longmont, tonight was in the hands of the jury which for more than three weeks has listened to testimony in the case. The deliberations of the jury began at 9:25 o'clock tonight, and shortly after midnight the jury was locked up for the night.

The elder Dickens was killed by a shot fired through the window of his home.

SANTO DOMINGO MUST OBSERVE LAW AND ORDER

United States Likely to Police Republic as It Is Doing in Haiti; New President Not Approved.

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Washington, May 22.—Rear Admiral Caperton at Santo Domingo is taking steps to distribute his landing force of American marines to various points in the little republic, and before they are withdrawn some arrangements probably will be effected through which American officers will be placed in charge of the native constabulary.

The broadening out of the marine patrol, officials indicated today, is a step preliminary to establishment of a policing system similar to that recently inaugurated in Haiti under the new Haitian treaty. A complete reorganization of the native troops is contemplated under the plan, and congress probably will be asked to pass a bill authorizing the navy and marine officers to serve under the Dominican government as officers of the constabulary.

It was made clear at the state department today that there was no intention of recognizing the election of Federico H. Carvajal, chosen provisional president of Santo Domingo last week by the Dominican congress, as valid. Minister Russell reported that Enrique Henriquez, former foreign minister, was on his way to Washington to urge Carvajal's recognition. The department holds that the impeachment of President Jimenez was only a political coup, and already has informed the Dominican congress that the proceeding cannot be recognized as legal.

AUSTRIANS STILL POUND ITALIANS ON TYROL FRONT

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Berlin, May 22 (by Wireless to Sayville).—The Italians have been driven from the entire position of Lovarone plateau, the Austrian war office announcement of today says. It is stated that the Italian defeat is steadily becoming more serious.

The official announcement follows: "The extent of the fighting on the southern Tyrol front has been increased as the Austro-Hungarians have begun an attack on La Frau highlands. The peak of Armentaria ridge is in our hands. On La Frau highlands we entered a first line position of the enemy which was defended tenaciously.

"The troops under Archduke Charles Francis Joseph (the Austrian crown prince), consisting of Tyrolean imperial chausseurs and the Linz infantry division, extended their successes. Chimak Imachi and to the northeast of this peak, Chimadin Isola were taken. The Italians also were driven from Borcola pass. South of this pass three more 28-centimeter howitzers fell into our hands.

"We are advancing from Col Santo toward Pasubio. In the Brand valley, Angheben has been captured by us. "More than 5,000 Italians were captured yesterday, including eighty-four officers. We also took twenty-five cannon and eight machine guns.

ENGLISH WOMEN TO CULTIVATE FARMS

(BY MORNING JOURNAL SPECIAL LEASED WIRE) London, May 22 (4:50 p. m.).—Francis Dyke Acland, financial secretary of the treasury, speaking in the house of commons on the agricultural situation today, made a somewhat disturbing statement. It was imperative, Mr. Acland said, that farmers should drop their prejudice against the employment of female labor.

The danger point of greatly increased production already has been reached, and even as things were going it now was feared that England could not hope to maintain her production on last year's level. If more men were swept into the army from the farms, she could only escape famine by diverting to importation of foodstuffs ships which are so urgently needed for the transport of munitions.

"And," Mr. Acland concluded, "we are unable to say whether there will be ships to divert that way."

PEACE MOVEMENT BELIEVED UNDER WAY

(BY MORNING JOURNAL SPECIAL LEASED WIRE) New York, May 22.—Joseph C. Grew, secretary of the American embassy at Berlin, was a passenger on the Danish steamer Frederik VIII, which arrived at Quarantine tonight from Copenhagen and Christiania. The vessel will dock tomorrow. Mr. Grew refused to discuss his mission to this country, which dispatches from Europe have indicated was in connection with a move for peace and that he bore diplomatic documents, including a note from Emperor William to President Wilson. Mr. Grew said he would go immediately to Boston.

The Frederick VIII was taken into Kirkwall by the British and 807 bags of mail were retained by the authorities. The ship brought 145 first cabin and 874 steerage passengers.

RUBBER CONDEMNED IN THE PRIZE COURT

(BY MORNING JOURNAL SPECIAL LEASED WIRE) London, May 22 (4:31 p. m.).—Fourteen hundred pounds of rubber, which were taken from the first class mails on the Dutch steamer Gelva, while en route from South America to Holland, were condemned in the prize court today. The parcels were said to be destined for Germany.

The attorney general in presenting the case pointed out that there had been much criticism by neutrals of interference by the British government with the letter mails on the ground that it was a violation of The Hague convention, and he declared it ought to be realized that this had been an attempt on a very large scale to use the shelter of The Hague convention in smuggling contraband goods into Germany.

SUPREME COURT HITS STATE REGULATION

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Washington, May 22.—The supreme court today held that it is impossible for a state to legislate to deprive a foreign concern doing both intrastate and interstate commerce of the privilege of removing cases to the federal courts.

The decision annulled a Wisconsin statute making it the duty of state officials to revoke the license to do business in the state of any foreign corporation which shall remove into any federal court any action against it by any citizens of the state upon any claims or cause of action arising within the state.

570 Fishing Boats Destroyed

London, May 22 (4:40 p. m.).—The number of British fishing vessels destroyed since the beginning of the war by Great Britain's enemies was given as 570 by Francis D. Acland,

"TIZ"—A JOY TO SORE, TIRED FEET

Use "Tiz" for Aching, Burning, Puffed-up Feet and Corns or Callouses.

Good-bye, sore feet, burning feet, swollen feet, tender feet, tired feet. Good-bye, corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "Tiz" is magical, acts right off. "Tiz" draws out all the poisonous exudations which puff up the feet. Use "Tiz" and wear smaller shoes. Use "Tiz" and forget your foot misery. Ah! how comfortable your feet feel. Get a 25-cent box of "Tiz" now at any drugstore or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

financial secretary of the treasury in the house of commons today. The number of lives lost on these vessels was 500. Fishing has gone on as usual, with necessary restrictions.
